

WELCOME

Colleagues and friends:

Welcome to Albuquerque for the 56th Annual Conference of the Western Social Science Association (WSSA). What a great place to share thoughts and ideas and interact with people as passionate as yourselves about spreading the message that the SOCIAL SCIENCES serve as an instrument to both ask the right questions and pose answers worth serious consideration.

I have traveled to Albuquerque several times to participate in WSSA sessions ranging from the study of borderlands to the importance of science (and scientists) to the environmental policy-making process. Not only did I receive excellent feedback on my writings, I shared in vibrant and enthusiastic discussions about controversial issues.

One thing that makes our conference unique and especially valuable is our student participation. What better way to introduce the next generation of scholars to the finer points of research, discussion and sharing than hearing what they have to say? Also noteworthy is the participation WSSA gets from Canada, Mexico, and from far across the seas, be it from Europe or Asia. The interactions we have from multiple disciplines, multiple professional levels, and scattered geographic areas help define the impact and worthiness of our gathering.

Of special note for this conference, I would like to especially recognize the work of both our Executive Director Larry Gould and Conference Manager (Kate Herke. Their dedication has made our Association and Conference successful year after year. If you get the chance, please say hello to both Larry and Kate and thank them for their efforts.

I also want to say a special thanks to our President-Elect, Prabha Unnithan (who put together a fine program) and all our Section Coordinators; without their efforts our Conference would not be possible.

Enjoy,
Les Alm
President, Western Social Science Association

Western Social Science Association

The Western Social Science Association (formerly the Rocky Mountain Social Science Association) was founded in 1958 when the Social Sciences Section of the Colorado-Wyoming Academy of Science was reconstituted as an independent organization. On January 1, 1975, the name was changed to the Western Social Science Association (WSSA) to reflect the geographical representation of the Association. The purpose of the WSSA is to foster professional study, to advance research, and to promote the teaching of the social sciences. Membership is open to all who share its aims. The WSSA publishes the *Social Science Journal*, a newsletter, and an annual program and abstracts for the conference. Several affiliated organizations meet concurrently with the WSSA and share in developing the program.

*In 2012, the Western Social Science Association revitalized our organizational mission of service at the Annual Conference in Houston, by hosting a fund drive for a local charity. Conference attendees gave generously and we were extremely pleased to raise more than \$2,100 for the Houston Food Bank. The following year, in Denver, we were thrilled to raise even more, a total of \$2,671 for the Food Bank of the Rockies.

This year, WSSA is proud to host a fund drive to benefit the **Roadrunner Food Bank of New Mexico**, [<http://www.rrfb.org>]. Attendees of the Albuquerque Annual Conference will have the opportunity to donate at our complimentary breakfast and poster session (on Friday April 4th, 2014, beginning at 7:15am). WSSA has committed to make a double-matching donation, with a minimum of \$500 and maximum of \$1000 portion of the contribution coming from the WSSA. Roadrunner Food Bank of New Mexico is the largest food bank in the state of New Mexico. New Mexico ranks 1st in the U.S. for childhood hunger (with 30% of children under 18). Every year, more than 90,000 children are served through Roadrunner and their affiliate agencies and programs. Roadrunner Food Bank is an efficient organization, using only 4 cents of every dollar for administration. It has a 4-star Charity Navigator rating.
